

Quantum

Internet

**next
generation
of Internet**

MonkAI Technologies

Problem

Internet is

- Slow
- Single point of Failure
- Time to load a web page depends on c

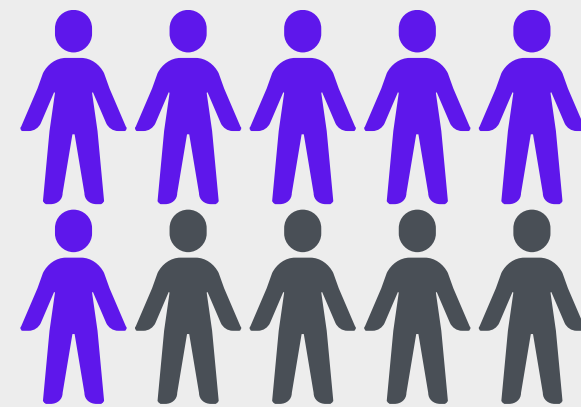

c - speed of light

Solution

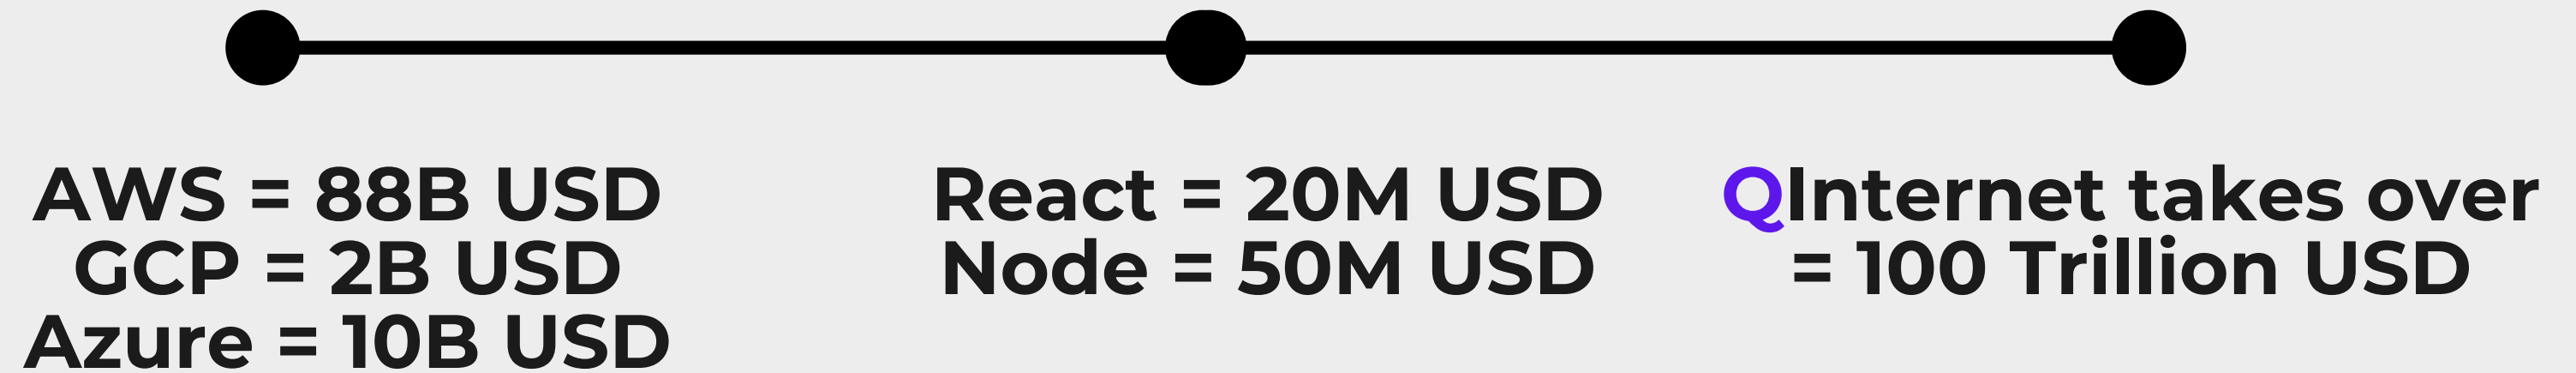

Quantum Internet

- Super fast
- No failure
- Time to load a web page = 0ms

Potential

Market Revenue

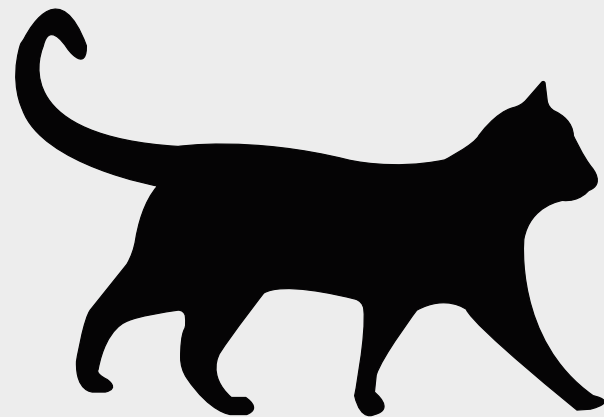

How?

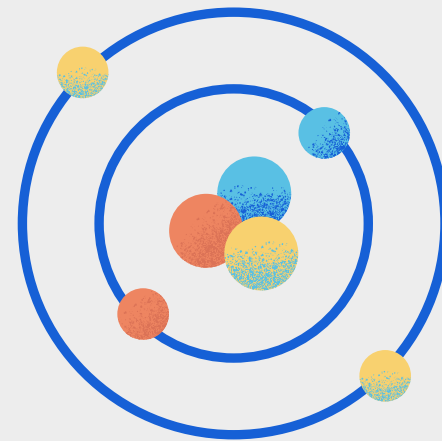

Quantum Entanglement

(proved in 2020
and awarded Nobel
Prize)

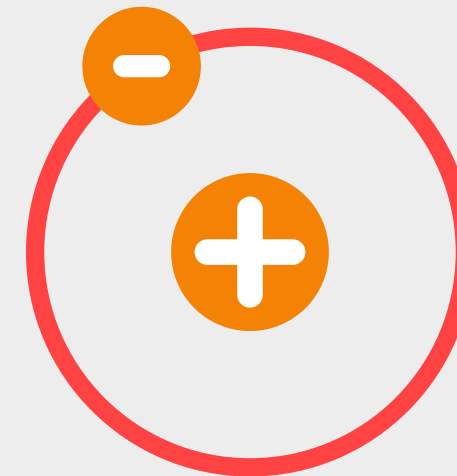

Creation of new element for use in Chips

(Currently we use
Silicon)

Mapping of new chips and quantum entanglement to build Quantum Internet

Team

1. Ashutosh Sharma

- **5+ Years of Exp**
- **CEO**

2. Darshan Sharma

- **7+ Years of Exp**
- **CTO**
