

MONK AI
TECHNOLOGIES

True Verifier

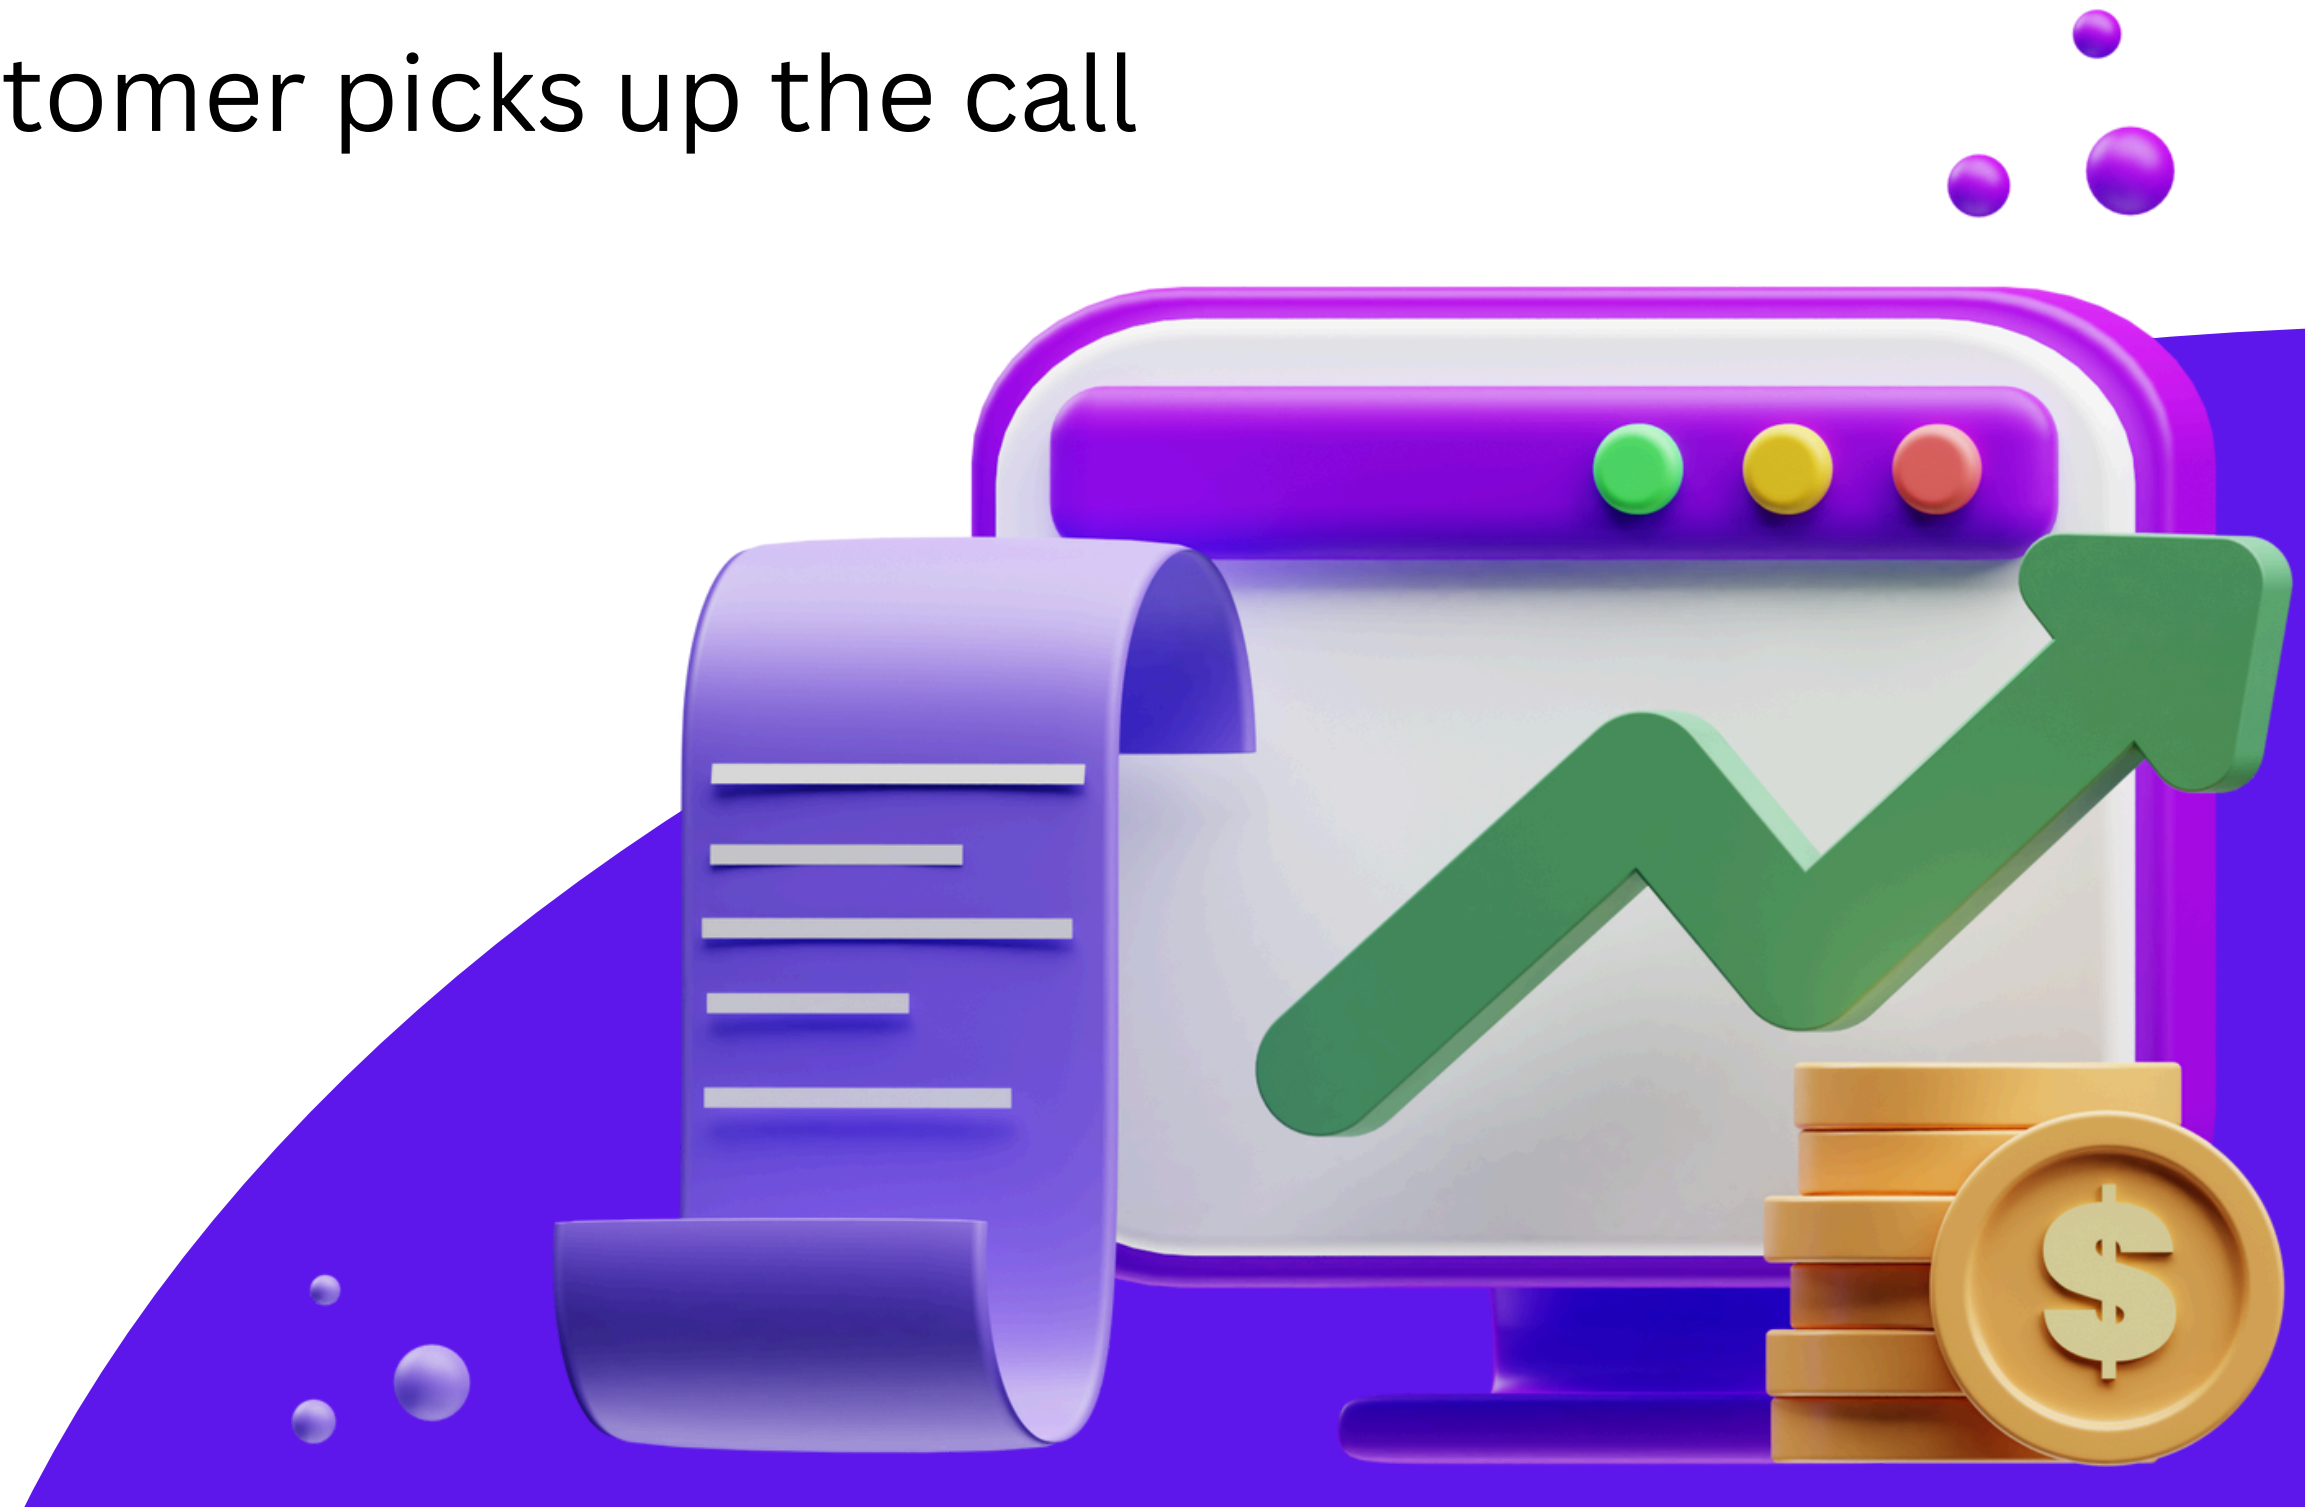

Problem

- Rising cases of scam using GenAI
- Less awarness amongst the elderly

Solution

True Verification of who is calling for what purpose even before customer picks up the call

Market Capitalisation

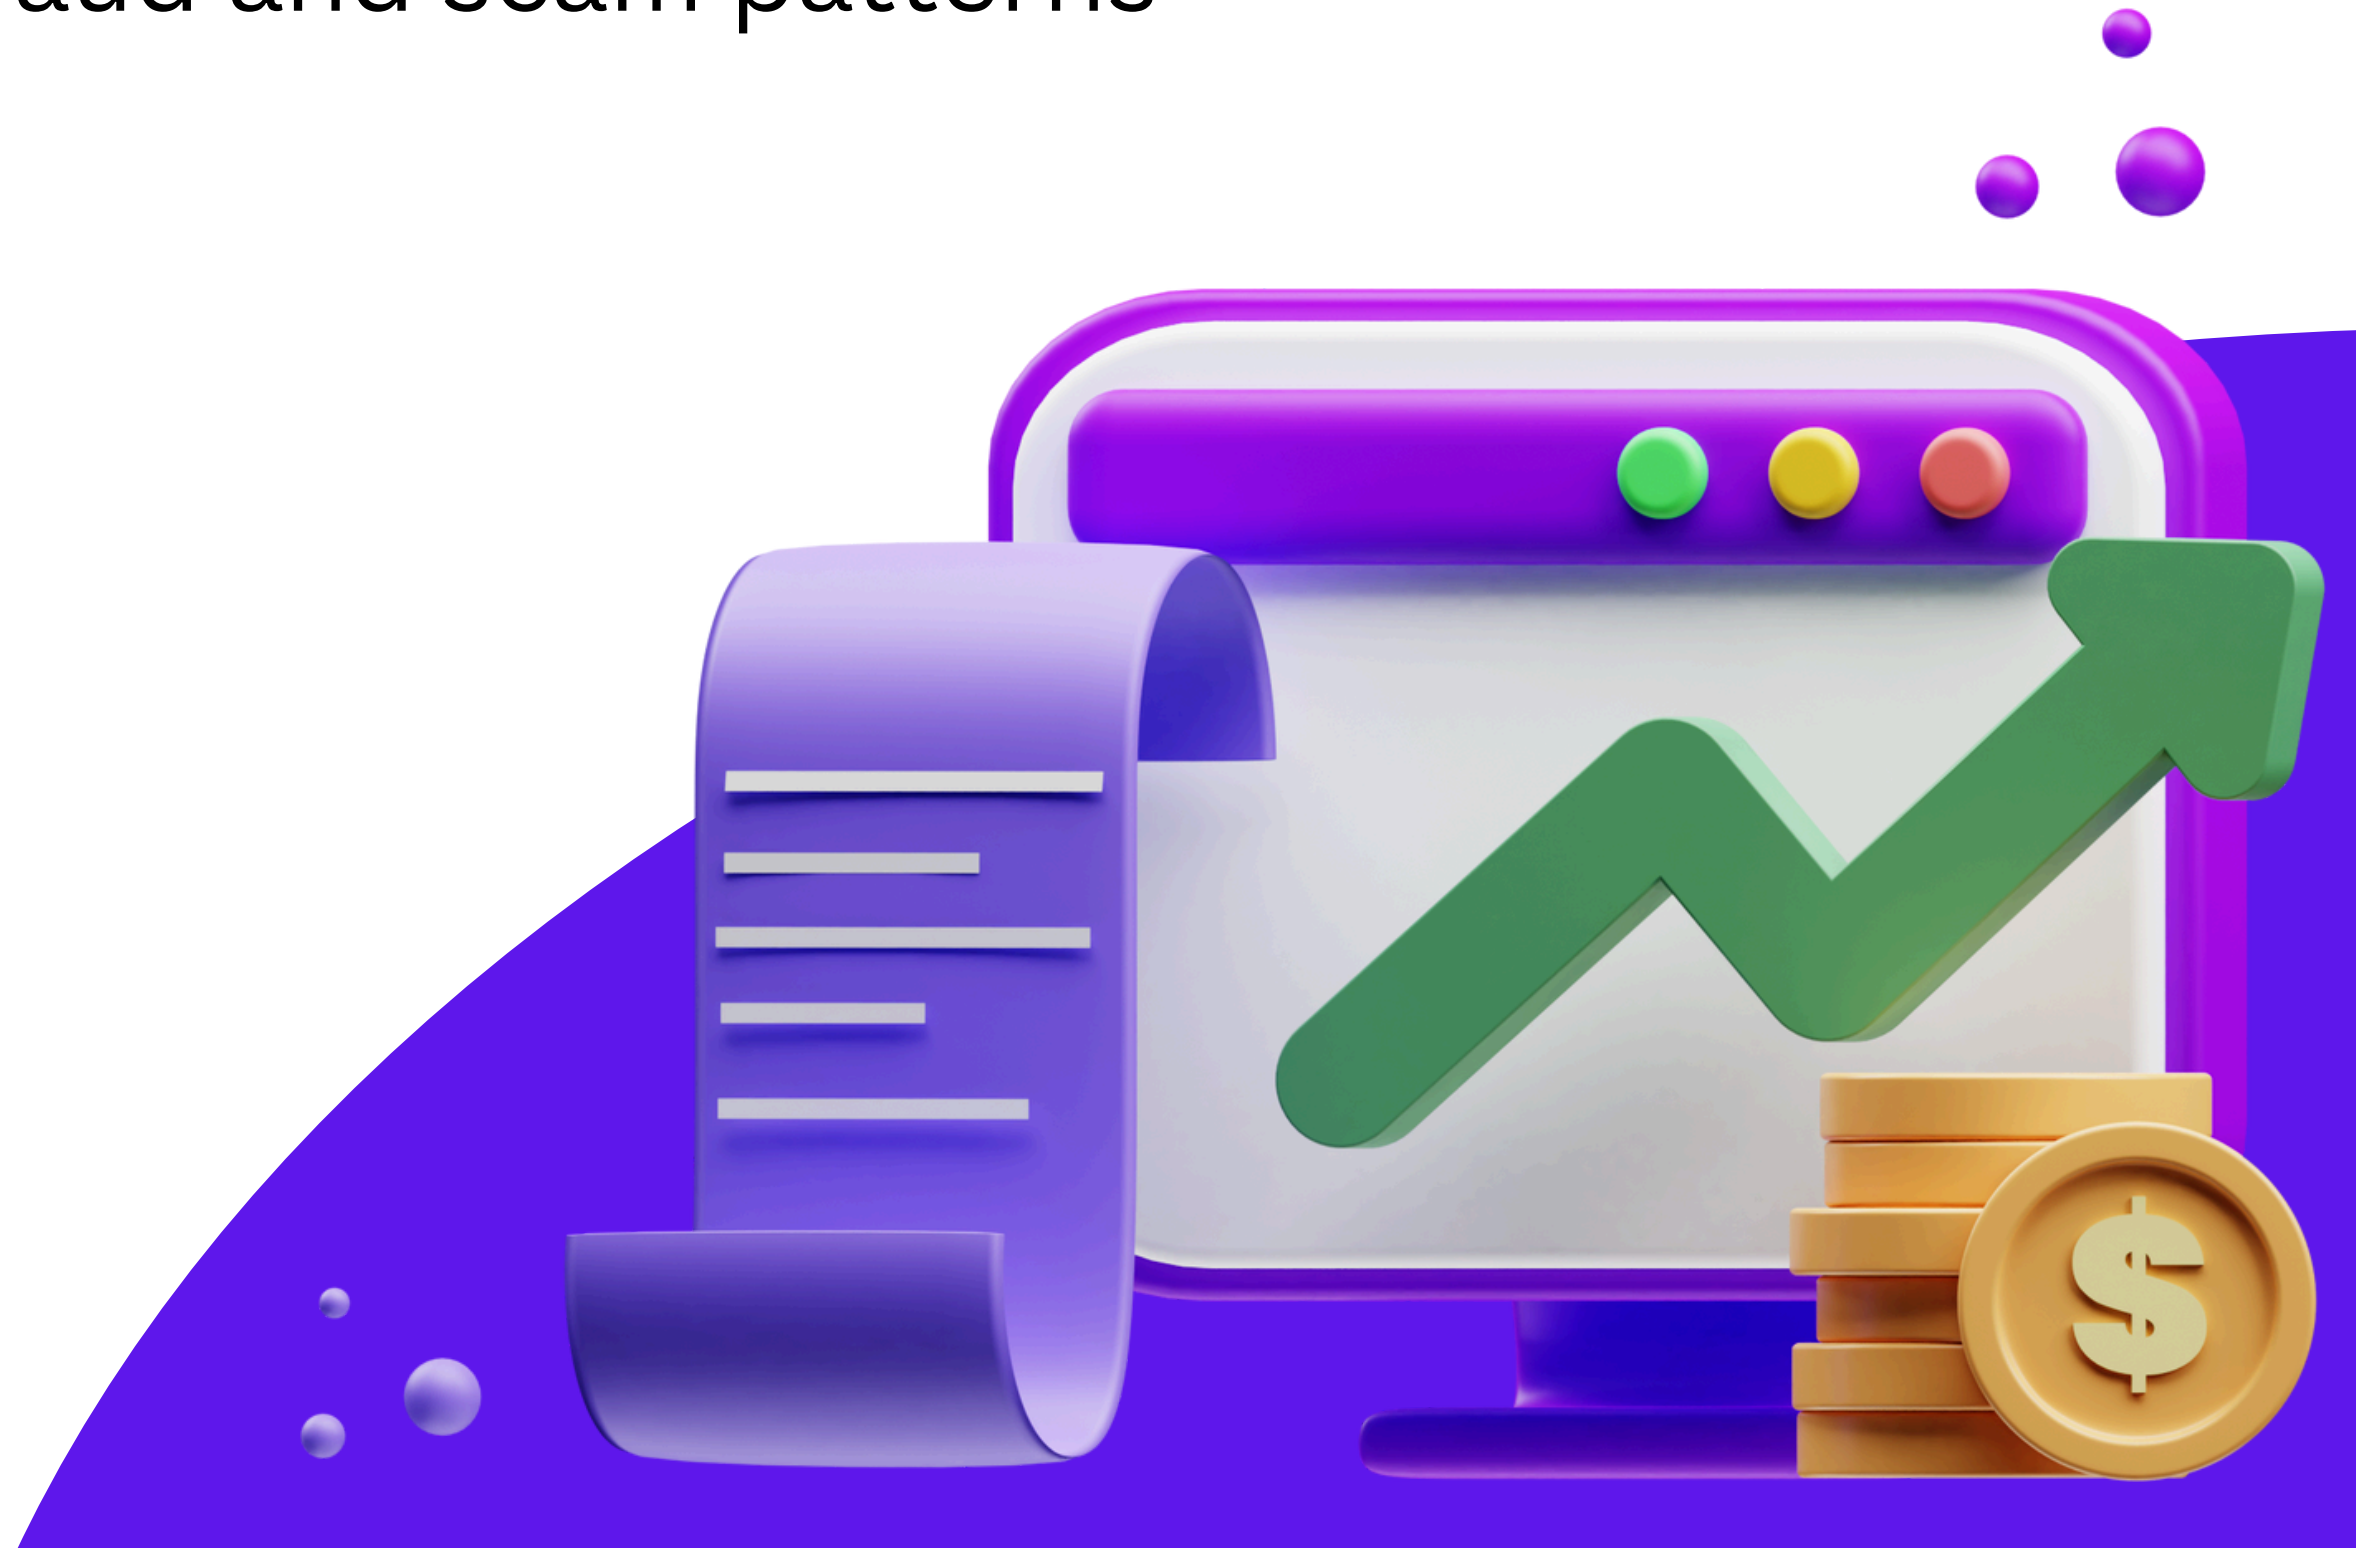

- Initially free for 30 days
- Monthly based Subscription at 30 USD per month

Potential Revenue after a quarter of launch = **10000** (customers) * **30** (price)
= **300,000 USD per month**

How

Using GenAI to detect fraud and scam patterns

Thank you
